New Parking Lot!!

Another new thing happening at Dawgs in Motion is our newly paved parking lot! We are very happy with our new parking area. Feel free to walk your dogs onto our grassy areas if they need to relieve themselves. We have collection buckets located at each entrance and attached to the buckets are collection bags if needed.

New Day Camp / Night Camp Room!

We are starting the inside construction of our new Day Camp / Night Camp area. Please excuse any inconvenience for the next few weeks as we construct our new room. We are very excited about our new Camping room and know that all of our guests will enjoy the new facilities when they are complete.

May Topic of Importance:

Now that the warm weather is upon us we need to watch out for the safety of our dogs. Open windows in your vehicle for your dog while you are driving may seem like a great idea but it can be very dangerous. There have been cases of dogs jumping out of or falling out of car windows which can result in injury or death. Dogs can also get debris in their eyes while having their head out the window when driving. There have been incidences of dogs getting their collars caught on the window and they struggle to get it unhooked.

Please be very careful when traveling with your dog. Always keep safety in mind.
