Dawgs in Motion Trivia – Each month we will have a fact about Dawgs in Motion in our newsletter. We will put the fact in a question form and the answer will be located on our website. Try to guess the answer prior to looking it up on the website.

June - Dawgs in Motion Fun Fact - Our tubs are available for you to bathe your dog or we can do a "Bath By Us" service. **How many baths were done in the tubs at Dawgs in Motion during the month of May? (This total does not include Pretty Paws Grooming service)**

New Day Camp / Night Camp Room!

We are progressing on the inside construction of our new Day Camp / Night Camp area. Please excuse any inconvenience for the next few weeks as we complete the construction of our new room. We are very excited about our new Camping room and know that all of our guests will enjoy the new facilities when they are complete.

June Topic of Importance:

Lawn spraying – Applications of herbicides and insecticides are being applied to lawns and neighboring country farm fields at this time and throughout the summer. Be very careful when walking or letting your dog run in these treated areas. Be knowledgeable of the area you let your pet run and play in. Understand the products that are used and how long you should keep your pet off of the area. If your pet happens to wonder onto an area that has been treated it is best to bathe them as soon as possible to reduce the chance of them licking and consuming the products and to also reduce skin irritation to exposed areas.

Featured Retail Products

Antlerz

Dogs Absolutely Love Them!

An all natural dog chew made from naturally shed deer antlers.
Long lasting & great for teeth and gums, no splinters, smells, or stains.

Congratulations to our Day Camp

Dogs of the Week!

May 4 – Bailey

May 11 – Hunter

May 18 – Missy

May 25 – Rocco

Next Class Sessions:

Starting the week of June 29th!
Always check our website for updated training schedules.

Pretty Paws Care Tips:

Please be sure to apply tick and flea protection on your dogs regularly. The tick season is especially upon us. After your dog has been running outside in tall grassy or wooded areas make sure to check them over for ticks. Remove the ticks carefully and dispose of them. Also check yourself simply because ticks can also be carried by your pet and transferred to you.
