**March Topic of importance**

Winter is going away and Spring is almost Sprung!

Planning for the time your dog will be outside more. Flea and Tick peak season is right around the corner. Make a plan and be prepared and informed on products you need to use to protect your dog.

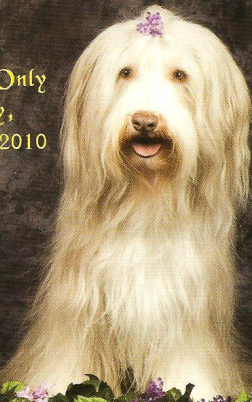

Also, watch for winter debris that has been left behind. You do not want your dog picking up unhealthy items.

Be careful with open car windows while driving. Your dog may jump or fall out. It has happened and is very scary.
