Dawgs in Motion LLC's mission is to give a dog's owner a new understanding in the world of dog.

To break the language barrier between dog and human.

To be an advocate of the dog and gain the most potential possible of each dog.

To exercise a dog's mind and body to enhance

"Man's Best Friend".

April Topic of Importance:
Everyone appreciates a trained dog.

You, along with friends, family, neighbors, and even Veterinarians appreciate a trained dog.

Consider enrolling into a training class to learn how and what to teach your dog to make them the best companion ever.

Many Veterinarians have asked us to help them train their customer's dogs. It is much easier to exam a trained dog vs. an untrained dog. It is also much easier to walk a trained dog and to have your dog meet new people without jumping up on them.

A trained dog is a good dog.

Next Class Sessions:
Starting the week of April 20th!
Always check our website for updated training schedules.

Pretty Paws Care Tips:

Self grooming do's and don'ts

If you want to try to trim your own dog instead of taking it to a professional, there are a few things you should consider.

Have a helper to hold the dog and NEVER use a scissors to clip out mats. Mats can be very tight to the skin and you can easily cut the dog's skin while trying to cut out the mats. Removing mats is something that is best left to a professional. It is best to bathe your dog prior to clipping. The hair cuts easier when it is clean and dry.

You may also want to brush the dog prior to clipping. Dog grooming is one of those tasks that looks easier than what it actually is. Depending on the breed of dog you have, sometimes it is much easier to let the groomer do the job for you.

New Dawgs in Motion Service:
Overnight Boarding "Night Camp" is now available!!

Please feel free to contact us for more details on how you can tailor your dog's stay with us while you are on your vacation.

New ***"Tracking Class"*** will be starting as soon as we have green grass outside. This is a 3-week class session. Teach your dog to track an item. Give your dog a job to do and see how much they enjoy it.
Another fun activity for you and your dog to do together.
